ONLINE SEMINAR'S PROGRAMME

09:00-09:05

Dr Tomasz Bochenek, Institute of Public Health of Jagiellonian University (IPH JU), Poland (PL)
Welcome and introduction to the webinar

09:05-09:30

Prof. Iwona Kowalska-Bobko, IPH JU, PL

A concise introduction to the IPH in Krakow. Challenges, experiences, and good practices related to managing the Public Health (PH) academic center in Poland. Good practices developed in Poland which could be useful for other PH academic centers in Europe and the ASPHER region. Good practices in teaching health care management and health policy.

Q&A included just after the presentation

09:30-09:55

Dr Stojniew J. Sitko, IPH JU, PL

The European accreditation as a tool for enhancing the quality of teaching in public health based on the experiences of the Association of Schools of Public Health in the European Region (ASPHER) and the Agency for Public Health Education Accreditation (APHEA).

Q&A included just after the presentation

09:55-10-20

Szczepan Jakubowski, IPH JU, PL

Utilization of contemporary methods in teaching. Experiences from didactic interactions with Polish students, their expectations, types of methods (Problem-Based Learning, projects, computer software)

Q&A included just after the presentation

10:20-10:30

Dr Tomasz Bochenek, IPH JU, PL

Internationalization of the academic education – experiences from Krakow and Poland. Focus on PH education based on experiences coming from almost 2 decades of functioning of the Europubhealth programme and teaching other students coming from abroad. Education, MPH theses, practical placements.

Q&A included just after the presentation

10:30-10:45

BREAK

10:45-12:00
