This seminar aims to present current scientific studies or academic teaching issues involving the Partner academic centers, including the studies related to the war in Ukraine. The seminar will take place in a hybrid form. Hours are presented according to the Central European Summer Time (CEST). The active participation, asking questions, and planning for further international collaboration are welcome! Online participation is possible after registration through this link: <https://forms.office.com/e/HP3dBEGNvX>. The direct link to join the seminar will be made available after completing the prior registration. Onsite participation is possible in room 135, at the Institute of Public Health JUMC, str. Skawińska 8, Krakow, after contacting the Organizers at sekretariat@izp.cm-uj.krakow.pl

This seminar has been organized in the framework of the following cooperation agreements:

- Jagiellonian University Medical College (JUMC) and EHESP French School of Public Health in Rennes, France – including the financial support received from EHESP for developing international cooperation on public health issues related to the ongoing war in Ukraine, in light of the situation created by the Russian invasion which has become a source of major concern within Europe and notably in the higher education sector;
- JUMC and National University of Ostroh Academy;
- JUMC, EHESP, and School of Public Health Management of the Republic of Moldova;
- JUMC and Bogomolets National Medical University.

Coordination of organizing the seminar: Tomasz Bochenek, t.bochenek@uj.edu.pl
